### Exciting developments in Ferndale Park!

Ratby Parish Council have been successful in accessing S106 funding specifically set aside for the provision of adult exercise equipment in Ratby.

This amazing new equipment has now been successfully installed ready for use by residents in Ferndale Park.

The equipment is set in two areas of the park, the 'Big Rig' which can accommodate up to 18 -20 users at one time is situated at the rear of the park near the skateboard equipment.

This sturdy and versatile multigym has full instructions on how to use each piece of equipment safely, and residents can also use the rig to attach personal exercise equipment such as punch bags or resistance bands for specific arm and leg strengthening

The second area is situated in between the children's play area and the Muger. This area incorporates 8 separate pieces of exercise equipment and also includes two pieces of equipment that are fully inclusive and have wheelchair access.

Again, like the 'Big Rig' each piece of equipment carries full instructions on how to use it safely.

Thank you, Ratby Parish Council - delivering for the community again!

Why not organise a group get together!

Enjoy and stay safe!
